Description
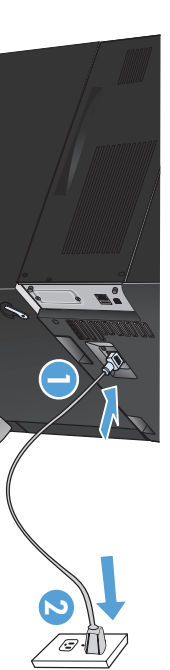

Add input capacity and media flexibility.

- Minimize printing interruptions and save time, using a different paper tray for each paper type. With multiple paper types ready to print, there's no need to waste time switching paper types in and out of paper trays.
- Expand your printer capacity to 2100 sheets—ideal for high-volume printing environments. A paper capacity of 2100 sheets keeps multiple users printing with fewer stops and interruptions.
- Support a wide variety of paper types and sizes—letter, legal, ledger, A3, A4, B5, and more. Each tray features a media sensor that automatically adjusts settings to ensure consistent print quality.
