Vantage K100 V1/V2 Series Phones

Throughout this document, these phones are referred to as Vantage™ V1/V2 phones. These phone consists of several elements, the desk phone, optional handset modules and a dialer applications:

- **Desk Phones:** The following K100 Series phones are supported with IP Office.
 - **K155 Video Desk Phone:** This is android desk phone which incorporates both a telephone dialing pad and a landscape touchscreen. Supported from 11.0 SP1 onwards.
 - **K165 Audio Desk Phone:** This is an android portrait touchscreen desk phone designed for audio calls. The phone supports handsfree audio calls and connections a wide range of headset types.
 - **K175 Video Desk Phone:** This model is similar to the K165 but also includes an integrated camera and so can be used for both audio-only and video calls.
- **Handset Modules:**
 - **J1B1 Wired Handset Module:** This optional module provides the phone with a standard telephone handset. Note: This module is not compatible with V3 phones.
 - **J2B1 Wireless Handset Module:** This optional module provides the phone with a wireless Bluetooth handset. The handset is charged directly from its phone cradle using contactless charging.
- **Dialer Applications:** For non-IP Office Subscription systems, the dialer is enabled by the phone's **Avaya IP Endpoint** license and so does not require any user profile licenses. For IP Office Subscription systems, the dialer is enabled by the user's IP Office Subscription.
 - **Vantage Connect:** This application provides a simple telephone to make and receive calls. It supports IP Office contacts and a local call log. This application is supported with IP Office R11.0.
 - **Vantage Connect Expansion Module:** This additional application can be used with Vantage Connect dialer application to support a number of IP Office programmable button features. See [The Vantage Connect Expansion Module Module App](#).
 - **Avaya Workplace Client:** This is a Vantage specific version of the Avaya Workplace Client client for Android devices. Supported with IP Office R11.0.4.0 and Vantage firmware R2.0.1 or higher.
 - Supported on K155, K165 and K175 phones. K155 requires Vantage 2.2 or higher.
 - No support for Avaya Spaces
- **Power Options:**
 - **K100 Power Adapter:** The Vantage phones can be powered through Power over Ethernet (PoE). However, if necessary it can be powered using this mains power adapter. See [Power options](#).

In order to deploy Vantage phones with IP Office, the following requirements apply:

- IP Office Release 11.0 and higher.
- A separate HTTP file server to host the Vantage firmware.
